FIRM RESUME

WHO WE ARE

Established by members of Milberg Phillips Grossman LLP, Sanders Phillips Grossman LLC, Greg Coleman Law PC, and Whitfield Bryson LLP, the firm represents plaintiffs in the areas of antitrust, securities, financial fraud, consumer protection, automobile emissions claims, defective drugs and devices, environmental litigation, financial and insurance litigation, and cyber law and security.

For over 50 years, Milberg and its affiliates have been protecting victims' rights and have recovered over \$50 billion for our clients. Our attorneys possess a renowned depth of legal expertise, employ the highest ethical and legal standards, and pride ourselves on providing stellar client service. We have repeatedly been recognized as leaders in the plaintiffs' bar and appointed to leadership roles in prominent mass torts and class actions.

Milberg challenges corporate wrongdoing through class action, mass tort, consumer and shareholder rights services, both domestically and globally.

Milberg's previous litigation efforts helped to create a new era of corporate accountability that put big companies on notice. The strategic combination of four leading plaintiffs' firms offers clients expanded capabilities, greater geographical coverage, enhanced financial breadth, and increased operational capacity. It also enables the firm to serve diverse and global clients who are seeking to enforce their rights against well-financed corporations - wherever they operate.

PRACTICE AREAS

ANTITRUST & COMPETITION LAW

Today, on a global scale, consolidated corporate entities exercise dominating market power, but proper enforcement of antitrust law ensures a fair, competitive marketplace. Milberg prosecutes complex antitrust class actions against large, well-funded corporate defendants in healthcare, technology, agriculture, and manufacturing. Our leading practitioners successfully represent plaintiffs affected by price-fixing, monopolization, monopoly leveraging tying arrangements, exclusive dealing, and refusals to deal. The firm continues aggressively vindicating rights of plaintiffs victimized by antitrust violations, holding companies accountable for anticompetitive behavior.

COMPLEX LITIGATION

With 50 years of vetted success, Milberg handles complex, high-stakes cases at any stage of the litigation process. Our attorneys have experience litigating complex cases for businesses and plaintiffs outside of the class action context, including business torts, contract disputes, anti-SLAPP motions, corporations, LLCs, partnerships, real estate, and intellectual property.

CONSUMER PRODUCTS

Milberg's consumer litigation group focuses on protecting victims of deceptive marketing and advertising of goods and services, or those who have bought defective products. Our attorneys are experienced in handling a wide array of consumer protection lawsuits, including breach of contract, failure to warn, false or deceptive advertising of goods and services, faulty, dangerous, or defective products, warranty claims and unfair trade practices cases. Milberg has achieved real-world recoveries for clients, often requiring corporations to change the way they do business. Our team of attorneys has extensive experience representing plaintiffs against well-resourced and sophisticated defendants.

CONSUMER SERVICES

Consumers have rights, and companies providing consumer services have a legal obligation to abide by contractual agreements made with customers. Companies must also follow state and federal laws that prohibit predatory, deceptive, and unscrupulous business practices. Milberg's Consumer Services litigation group protects consumers whose rights have been violated by improperly charged fees, predatory and discriminatory lending, illegal credit reporting practices, and invasion of privacy. We also enforce consumer rights by upholding The Fair Credit Reporting Act and Telephone Consumer Protection Act.

CLASS ACTION LAWSUITS

Milberg pioneered federal class action litigation, and is recognized as a leader in defending the rights of victims of corporate and large-scale wrongdoings. We have the manpower, resources, technology, and experience necessary to provide effective representation in nationwide class action lawsuits. Our attorneys have led class actions resulting in settlements of up to billions of dollars across a variety of practice areas, including defective consumer products, pharmaceutical drugs, insurance, securities, antitrust, environmental and toxic torts, consumer protection, and breach of contract.

DANGEROUS DRUGS & DEVICES

For some patients, medication and medical devices improve their lives. For others, the drugs and equipment have questionable benefits at best, and serious, unintended side effects at worst. Taking on drug and device makers requires a law firm that can stand up to the world's largest, most powerful companies. Our defective drug lawyers have held leadership roles in many national drug and device litigations, recovering billions of dollars in compensation.

DATA BREACH, CYBERSECURITY & BIOMETRIC DATA LAWSUITS

Technology changes faster than laws regulate it. Staying ahead of legal technical issues requires a law firm that can see the full picture of innovation and apply past lessons to navigate fast-moving developments, putting consumers ahead of corporate interests. Our data breach and privacy lawyers work at the cutting edge of technology and law, creating meaningful checks and balances against technology and the companies that wield it. Cybersecurity threats continue evolving and posing new consumer risks. Milberg will be there every step of the way to protect consumer privacy and hold big companies accountable.

ENVIRONMENTAL & TOXIC TORTS LITIGATION

Litigation is key in fighting to preserve healthy ecosystems and hold environmental lawbreakers accountable. But in today's globalized world, pollutants—and polluters—are not always local. Corporations have expanded their reach and ability to cause harm. Our environmental litigation practice focuses on representing clients in mass torts, class actions, multi-district litigation, regulatory enforcement, citizen suits, and other complex environmental and toxic tort matters. The companies involved in harmful environmental practices are large, wealthy, and globally influential, but as an internationally recognized plaintiffs' firm, Milberg has the strength and resources to present clients seeking to enforce their environmental rights against well-financed corporations—wherever they operation.

FINANCE & INSURANCE LITIGATION

Big banks and public insurance firms are obligated by their corporate charters to put shareholders' interests ahead of client interests. However, that doesn't mean they can deceive clients to profit at their expense. Milberg's attorneys handle hundreds of insurance-related disputes, including first party bad faith insurance cases, business interruption cases, and hurricane insurance cases. As one of the nation's stop class action law firms, we are well-positioned to pursue insurance bad faith cases on a statewide or nationwide basis.

PUBLIC CLIENT REPRESENTATION

The ability of governments to serve and protect their residents is often threatened by the combination of lower revenues and rising costs. Budget shortfalls are increasing in part because private companies externalize costs, but while corporate profits grow, public interest pays the price. Effectuating meaningful change through litigation, Milberg partners with state and local governments to address the harms facing its residents. Internationally, Milberg's Public Client Practice has achieved success against global powerhouse corporations, including drug, tobacco, mining, and oil and gas companies.

SECURITIES LITIGATION

Over 50 years ago, Milberg pioneered litigation claims involving investment products, securities, and the banking industry by using class action lawsuits. Our litigation set the standard for case theories, organization, discovery, methods of settlement, and amounts recovered for clients. Milberg continues to aggressively pursue these cases on behalf of institutional and individual investors harmed by financial wrongdoing. Inventors of securities class actions, Milberg has decades of experience holding companies accountable both in the United States and globally.

WHISTLEBLOWER & QUI TAM

Blowing the whistle on illegal or unethical conducted is a form of legally protected speech. Milberg's whistleblower attorneys have led actions that returned hundreds of millions of dollars in ill-gotten gains, resulting in significant awards of our clients. Our legacy of standing up to corporate power extends to advocating for greater transparency. In addition to representing whistleblowers, we fight back against corporate-backed laws seeking to deter them from making disclosures.

“Scoring impressive victories against companies guilty of outrageous behavior.”

- FORBES

“A powerhouse that compelled miscreant and recalcitrant businesses to pay billions of dollars to aggrieved shareholders and customers.”
